

System Admin

Journal Sections

Here you can define the different sections for your journal.

The screenshot displays the 'Journal Settings' sidebar on the left, with 'Journal Sections' highlighted. The main content area shows a form for creating a new section. The form includes three input fields: 'Section Name', 'Section Name [English]', and a 'Status' dropdown menu currently set to 'Enabled'. Below these fields are 'Cancel' and 'Save' buttons. At the bottom of the form, there is a table with one header row: '# Section Name', followed by a 'Save' button.
