

System Admin

Indexing and Abstracting

Here you can configure settings related to indexing and abstracting.

The screenshot shows the eJournal Plus System Admin interface. On the left, a sidebar menu includes options like Welcome, Settings, Manage Users, Announcements, Editorial Board, Static Page, News & Announcements, Ads, FAQ, Related Links, Indexing and Abstracting (which is highlighted with an orange border), and Glossaries. The main content area has a header with icons for search, user, dashboard, and notifications (with 6 and 1). Below the header, a sub-header says "Indexing and Abstracting". A modal dialog is open, prompting for "Database Name" (containing "Doaj") and "Database URL" (containing "Https://..."). At the bottom of the dialog is a "Save" button. The footer of the main content area says "Available Databases" and has a "Save" button.

Click on Indexing and Abstracting in Announcement section

System Admin

The screenshot shows the eJournal Plus System Admin interface. On the left, a sidebar menu includes options like Welcome, Settings, Manage Users, Announcements, Editorial Board, Static Page, News & Announcements, Ads, FAQ, Related Links, Indexing and Abstracting (which is selected and highlighted in blue), and Glossaries. The main content area is titled "Indexing and Abstracting". It contains two input fields: "Database Name" with the value "Doaj" and "Database URL" with the value "Https://...". Below these fields are "Cancel" and "Save" buttons. At the bottom of the main area, there is a "Available Databases" section with a "Save" button.

If your journal has already indexed in a scientific databases, enter the name and link of each index
